ITEM FOR INFORMATION

(i) EXMOUTH TIDAL DEFENCE SCHEME - ESPLANADE FESTOON LIGHTING COLUMNS RELOCATION PROPOSAL

Kier Construction have advised Exmouth Town Council about the relocation of a couple of the light columns that are present on the Esplanade opposite The Grove and The Imperial garden/Premier Inn. As part of our tidal defence scheme two flood gates need to be installed that cross the carriageway by The Grove and by the The Imperial garden/Premier Inn. Attached are copies of the flood gate drawings for reference showing their locations where Drawing No. 8840 is located at The Grove and Drawing No. 8970. Attached are screenshots of light columns in question, with their existing and proposed (in green) locations which will be around 3m from their original location.
